

Join us at Shore Acres for Fun Classes With the Chillicothe Park District & Learning Adventures

SCIENCE IN ACTION: Science is about understanding the world around you. Don't think of complicated formulas, lab coats and text books. Think of curious children always asking why. Now, imagine finding the answers to those questions. That's what science experiments are all about. Here are a few examples of Science Week.

GENETICS: Kids like asking questions about Science. Find out about genetics, what genes are and why parents with brown eyes have a child with blue eyes. **VOLCANO'S:** Learn about volcanos and why they erupt. Then make your own erupting volcano.

FUN FOOD IDEAS FOR KIDS: Kids love making food. They get the fun of creating and the fun of eating! This week will be filled with learning the basics of cooking, measuring, and of course eating. YUM!

SPACE: It's time to explore space, planets, stars, comets and galaxies. Make a comet, planets from our solar system, star decorations, and create your own stars and a star mobile.

SUMMER FUN: The kids are out of school and they have the long lazy days of July and August ahead. They could spend their summer days in front of the TV or your children could be using their imaginations to create projects that are a reflection of their own unique talents. It's time to play! This week's ideas are all about fun and games. Make your own treasure map, plan a treasure hunt, use paper mache to build whatever you want.

NATURE WEEK: Have you really looked at the world around you Even if you live in the city nature is everywhere once you start looking. You will be surprised what you can find once you start looking. Learn about butterflies and start your own butterfly garden and more.

ARTS AND CRAFTS: Have fun and create a self portrait, a clay figurine, and even a tie-dye shirt to remember your summer. **Don't miss out!**

CHILD'S NAME: _____ AGE: _____ PHONE #: _____

PARENT'S NAME: _____ ADDRESS: _____

EXTENDED CARE NEEDED: YES _____ NO _____

PLEASE FILL OUT, DETACH AND SEND WITH FULL PAYMENT TO:

**LEARNING ADVENTURES
P.O. BOX 124
CHILlicothe, IL 61523.**
